Responsible Government Again. We feel it to be our duty to bring again under the notice of the people in town and pountry that if they desire Responsible Government in 187I, they must set to work in earnest to get it. and if they don't set to work at once. they will not get it during the coming year. The people of this country may as well understand this fact-and we wish them to recollect it too—that Gov. she so successfully managed on Fort Street She begs to thank her former customers, and Musgrave and his Executive Council in-tend to oppose the granting of Responsible Government to the people at once.
They will say, as soon as the Legislature is in session, "we are not opposed to Responsible Government; on the contrary, we don't care how soon the present heads of departments are represent heads of departments are relieved of their offices, and we are willing to take our pensions and retire." But not a single member of the Executive, and Analysis has proved that their Candies contain no whiting and other deleterious contain no whiting and other deleterious are reconstructed to learn their so far as we are permitted to learn their views, is willing that the constitution shall be altered in the coming session, so that Responsible Government may be estab. lished simultaneously with Confedera- mate that tion. If the Government—the Governor and his constitutional advisers—can have their way, the Colony shall enter the Dominion without any change of constitution. Neither on next Dominion Day, nor in 1872, but in 1873, at the earliest, will it be allowed to get rid of the irrethen, we ask, of what use is it for the Government to say "we are in favor of Responsible Government?" It is simply to hoodwink the people. It is simply to throw the people off their guard, so as to get the Colony into the Dominion approach to get the Colony into the Dominion approach to get the Colony into the Dominion approach to get the Colony into the Dominion approach. parently with the consent of the people Then Gov. Musgrave can retire to some other position, and receive at the hands of Her Majesty the coveted distinction of Knighthood—a Knight of the Bath, or of St. Michael and St. George. That will satisfy him as one step in glory for sacrificing his life for the miserable pittance of \$20,000 a year, besides a house furnished. Messrs. Trutch, Hankin, and long as they can, with the self-satisfied air of gentlemen who have a pension for life guaranteed to each of them. Mr. Hamley will be turned over to the Custome Department of the Dominion, and when-Department of the Dominion, and the ever it may thick proper to buy him out with a good pension, he too ards for his kindness to us during our enwill retire. Now we ask is there any—
thing in this programme to satisfy the people? Is there anything from this showing to establish the fact that Confederation will bring us one whit nearer self and the citizens of this place in general.

BARK LULU, CAPT. KNOW LPS.

from San Francisco, will commence discharging to-day at the Hudson Bay Co's, wharf, if she arrives in time from Royal Rods. If not, she will commence early on Monday morning.

Consigness are requested to call at the office of the understand of the citizens of this place in general. to Responsible Government than before? If there is we cannot see it. On the contrary, we can only see an attempt made by Gov. Musgrave and his councillors to use the people of this Colony to serve as stepping stones to raise them to wealth and distinction. The people and is hereby authorized to collect Subscriptions and donations for the Royal Hospital.

M. John G. Norris has kindly consented and is hereby authorized to collect Subscriptions and donations for the Royal Hospital.

E. CRIDGE, Hon Sec. admitted, but their right to do so practically denied. Now, if the people desire the present miserable constitution to remain after Confederation; if they desire Trutch, Hankin and Fillipo to reign over them with irresponsible authority in the future as they have done in the past ; if they want to enter the Dominiou holding an inferior political status to the half-breeds in Manitoba; if they want to euter the Dominion as a lot of political nonentities—political incapables; if they wish to abdicate their political manhood and trust the Government to the control of men who, without a single claim to their offices, were pitch-forked into their positions—then we say, let the THE TERMINUS, THE TERMINUS! people say so-and when they have said so, let them forever after hold their peace and submit with a cringing smile. spaniel-like to their present masters. 1f, however, the feeling of the people be as we believe it to be, in favor of self-government at once, in favor of its inauguration on next Dominion day-if they desire to take the management of their affairs into their own hands, instead of being hard-worked and high-taxed serfs of a few, let them instruct their Representatives that Self-Government must be inaugurated with Confederation. No excuse from Gov. Musgrave and his intermediaries GEORGE PEARKES. that he is without the power to assent to the alteration of the constitution till Confederation shall have taken dell im place, should be tolerated. If he has not the power to assent to-day, he ought to supply himself with it before the Council meets, for we hope the popular members will be compelled by their constituents to vote—"No Responsible Government, no Confederation." Let the friends of reform not be described.

paper I want to state the very great good that has been
done me by Dr. Ching Fun of this city, nxet door K wong
Lee & Co. For 24 years I suffered with neuralgia on
the brain, which baffied the skull of three first-class
American physicians. Latterly bronehitis attacked myright lung, and my eyes became awfully inflamed. Despairing of ever b sing cured I placed myself as a last resort in the hands of Dr. Ching Fun, and after five months
treatment I am a well man and feel that I cannot sound
the eminent Chinese gentleman's praises too loudly, so
that all my countrymen similarly affected may visit him
